

TM-break station

Your entire kitchen in one square metre

Delivery without kitchen appliances

Transform your office, workshop or meeting room into a fully equipped catering area – without any expensive renovation work. This flexible, space-saving solution can be quickly installed and is ready for immediate use. Ideal for conveniently catering to employees and guests.

The 'plug and play' break station: Your entire kitchen in one square metre

Transform your office, workshop or meeting room into a fully equipped catering area – without expensive renovation work. The aim is to create an area that's attractive to both production and office staff. It should be a place for exchange.

All-in-one compactness

Why sacrifice an entire room? This station combines a **refrigerator**, **microwave**, fully automatic **coffee machine** and storage space in a single, compact piece of furniture. Place it wherever it is needed.

"Clean Desk" guarantee

No more messy coffee corners. After your break, simply close the sturdy double doors – equipment and crockery disappear, and the room immediately looks tidy and presentable for customers.

Delivery without kitchen appliances

Robust industrial quality

Unlike delicate wooden kitchens, this steel body is indestructible, easy to clean and moisture-resistant. An investment that will withstand years of hard work.

Everything in its place

Four spacious drawers provide organised storage space for coffee beans, sugar, cutlery and cups. Everything is within easy reach and safely stowed away.

Bring order and convenience to your business now.

Perfectly suited for:

- ✓ Production halls & workshops
- ✓ Open-plan offices & meeting areas
- ✓ Reception areas & showrooms
- ✓ construction site container

“Clean Desk” guarantee

No more messy coffee corners. After your break, simply close the sturdy double doors – the equipment and crockery disappear, and the room immediately looks tidy and presentable for customers.

- **Health protection:** It reduces the spread of germs and lowers the risk of illness.
- **Higher productivity:** A clean workplace promotes concentration and performance.
- **Pleasant working atmosphere:** Cleanliness increases well-being and motivation.
- **Professional impression:** Good hygiene has a positive effect on customers and visitors.

The solution that convinces

- Discreet
