

# Powered hinged door cabinets

## Multi-functional storage options

- **Thur Metall E-hinged door cabinets are perfect for the centralised supply of rechargeable batteries and electrical devices.** All cabinets can be configured individually and adapted to your specific storage needs through the flexible use of partition material, cabinet accessories and power supply via power strips.
- **High-quality welded steel construction** ensures maximum stability and a housing load capacity of up to 500 kg
- **Hinged doors** either solid sheet or hinged doors with viewing window with rotary-type security lock including two keys.
- **Doors with hinge bearing assembly** close flush with the cabinet housing. Opening angle about 115 degrees
- **Secure locking option** with twist grip
- **Flexible equipment options** with height-adjustable shelves, galvanised with a load capacity of 100 kg or with drawers with a load capacity of 50 kg.
- **Excellent protection** against dirt, liquids and mechanical loads thanks to enclosed housing with impact and abrasion-resistant surface.
- **Sophisticated ventilation** optimal air circulation via rear air vents
- **Power supply** with optional socket strips (1x 5 socket or 2x 5 socket). Mounted on rear panel/power conduit or side panel
- **On-site power supply**  
Operating voltage of electrical installation 230 V 50 Hz. Do not exceed maximum output of 3000 watts (CH: 2000 watts). Connect cabinets with more than 1 connecting cable to separate supply cables.
- **Complies with the following directives** Low Voltage Directive 2014/35/EU, EMC Directive 2014/30/EU, RoHS Directive 2011/65/EU, CH: SN SEV 1011:2009/A1:2013.

Art. no. **85.217.501**  
dove blue, NCS S 4040-R70 B  
light blue, NCS S 1060-R80 B

The acrylic glass viewing window provides a clear view of the cabinet contents.

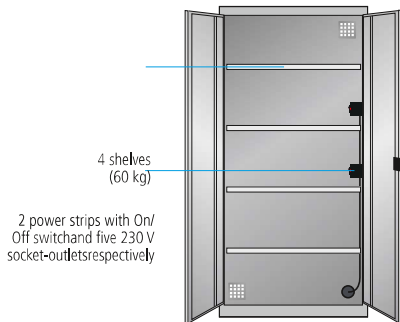

Rotary-type security lock with two keys.

TM-RFID lock available on request.

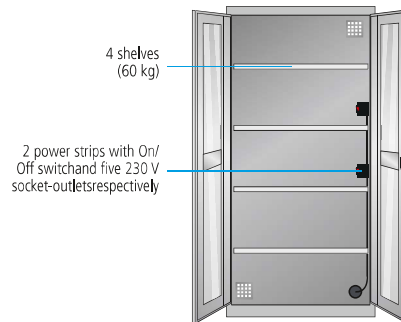

## Height 1995 mm

2 hinged doors made of solid sheet steel  
2 power strips with On/Off switch mounted on side panel  
4 shelves, galvanised, load capacity 60 kg
