Thur Metall clean stations

Mobile, flexible stations are ideal for storing cleaning utensils and disinfectants, and as waste collectors.

- + Top stability**
Thanks to a high-quality housing design made of sturdy sheet steel
- + High-quality powder-coated surface**
for high abrasion resistance, optionally available in RAL or NCS shades to match the TM colour collection
- + Optionally available with antibacterial surface finish**
- + Sheet steel travelling unit**
firmly screwed to the housing, equipped with two swivel castors and two fixed castors, made of black solid rubber, Ø 125 mm, swivel castors fitted with brakes
- + Perforated rear panel attachment**
with square and slotted perforations to accommodate tool hooks and rear panel equipment
- + Aluminium push handles**
black, powder-coated, mounted vertically and firmly screwed to the housing.
- + Waste bin 60 litres**
320 × 460 × 580 mm (L × W × H), made of polypropylene (melting point 160 degrees Celsius), integrated handles for easy lifting, rounded corners and smooth surfaces for easy cleaning

"Easy Clean" cleaning station
Art. no. 85.345.020
Pale grey, RAL 7016
(standard configuration with 3 waste bins)

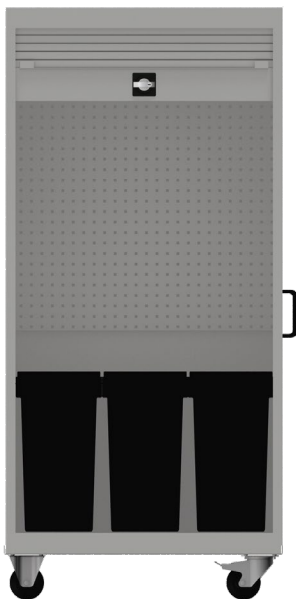

"Smart Clean" hygiene station
Art. no. 69.981.020
Pale grey, RAL 7016
(standard configuration with 2 waste bins, can and paper roll holder)

"Safe Clean" cleaning station
Art. no. 85.346.876
Pigeon blue-grey, NCS S 4040-R70 B
(standard configuration with roller shutters, pale grey, and 3 waste bins)

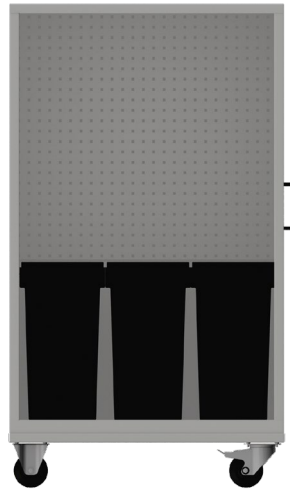

Width 1005 mm

"Safe Clean" cleaning station
roller shutters, pale grey (similar to RAL 7035)
Perforated rear panel (mounted)

The use of top-class materials, state-of-the-art machine technology and environmentally sustainable production processes, ongoing quality control and a highly motivated team of employees guarantee durability in timeless design at an impressive price/performance ratio.

Quality

Thur Metall drawer cabinets, made from high-quality sheet steel, and matching workbenches are favourites for industry and commerce. Whether in a production hall or workshop, research laboratory, museum, hospital, small-parts storage area or in a showroom: Thur Metall impresses in any location in which tools, stored goods and small parts have to be kept securely, clearly arranged and ready to hand, without taking up too much space.

5-year guarantee

You can rely on our quality products. So much so that we offer our customers a 5-year guarantee on all products in the TM range. Workbench tops and electronic parts come with a 1-year guarantee.

Certified production

Thur Metall products are manufactured according to the following norms:

ISO 9001:2015: Quality management

ISO 14001:2015: Environmental management system

OHSAS 18001:2007: Occupational health and safety management system.

High-quality surfaces

using state-of-the-art powder coating technology for lasting resistance to abrasion.

All products with a choice of colours are available in **15 standard colours** and **2 colour combinations** without surcharge. The three-digit colour code is part of the item number (e.g. **.876**). When ordering, always complete the article number by adding the required colour code (e.g. **82.034.876**).

Standard colours:

.875	Light blue NCS S 1060-R80 B	.966	Traffic yellow RAL 1023
